Activity Report

Academic Year: 2026-27

Semester: III/VI

DEPARTMENT OF COMPUTER ENGINEERING

Particulars	Description
Activity	Expert Lecture
Activity level	Department Level
Title	Cyber Security: Emerging Threats, Industry Practices & Career Opportunities
Speaker / Resource Person	Mr. Ghanshyam Jeswani, Mr. Om M. Desale & Mr. Devendra Hyalij
Organized by	Department of Computer Engineering, LOGMIEER
Venue	Seminar Hall, LOGMIEER
Date & Time	12/08/2026, 12:00 PM to 2:30 PM
Objectives of the activity	To create awareness among students about emerging cyber security threats, industry practices, security challenges, and career opportunities in the field of cyber security.
Outcomes of activity	Students gained knowledge about current cyber security threats, industry practices, preventive measures, and various career opportunities in cyber security.
Targeted participants	SE Students of the Computer Engineering Department
Total no. of participants, Participation %	75%
Content of the activity	Emerging cyber security threats, cyber attacks, security practices followed in industry, preventive measures, current trends in cyber security, required skills, and career opportunities.
Relevance to POs	PO1 - Engineering Knowledge; PO2 - Problem Analysis; PO5 - Modern Tool Usage; PO6 - Engineer and Society; PO12 - Life-long Learning
Relevance to PSOs	PSO1 - Apply computer engineering knowledge to solve technical problems; PSO2 - Use modern computing tools and technologies for practical applications.
Methodology used	Expert lecture, presentation, real-world industry examples, interaction with students, and question-answer session.

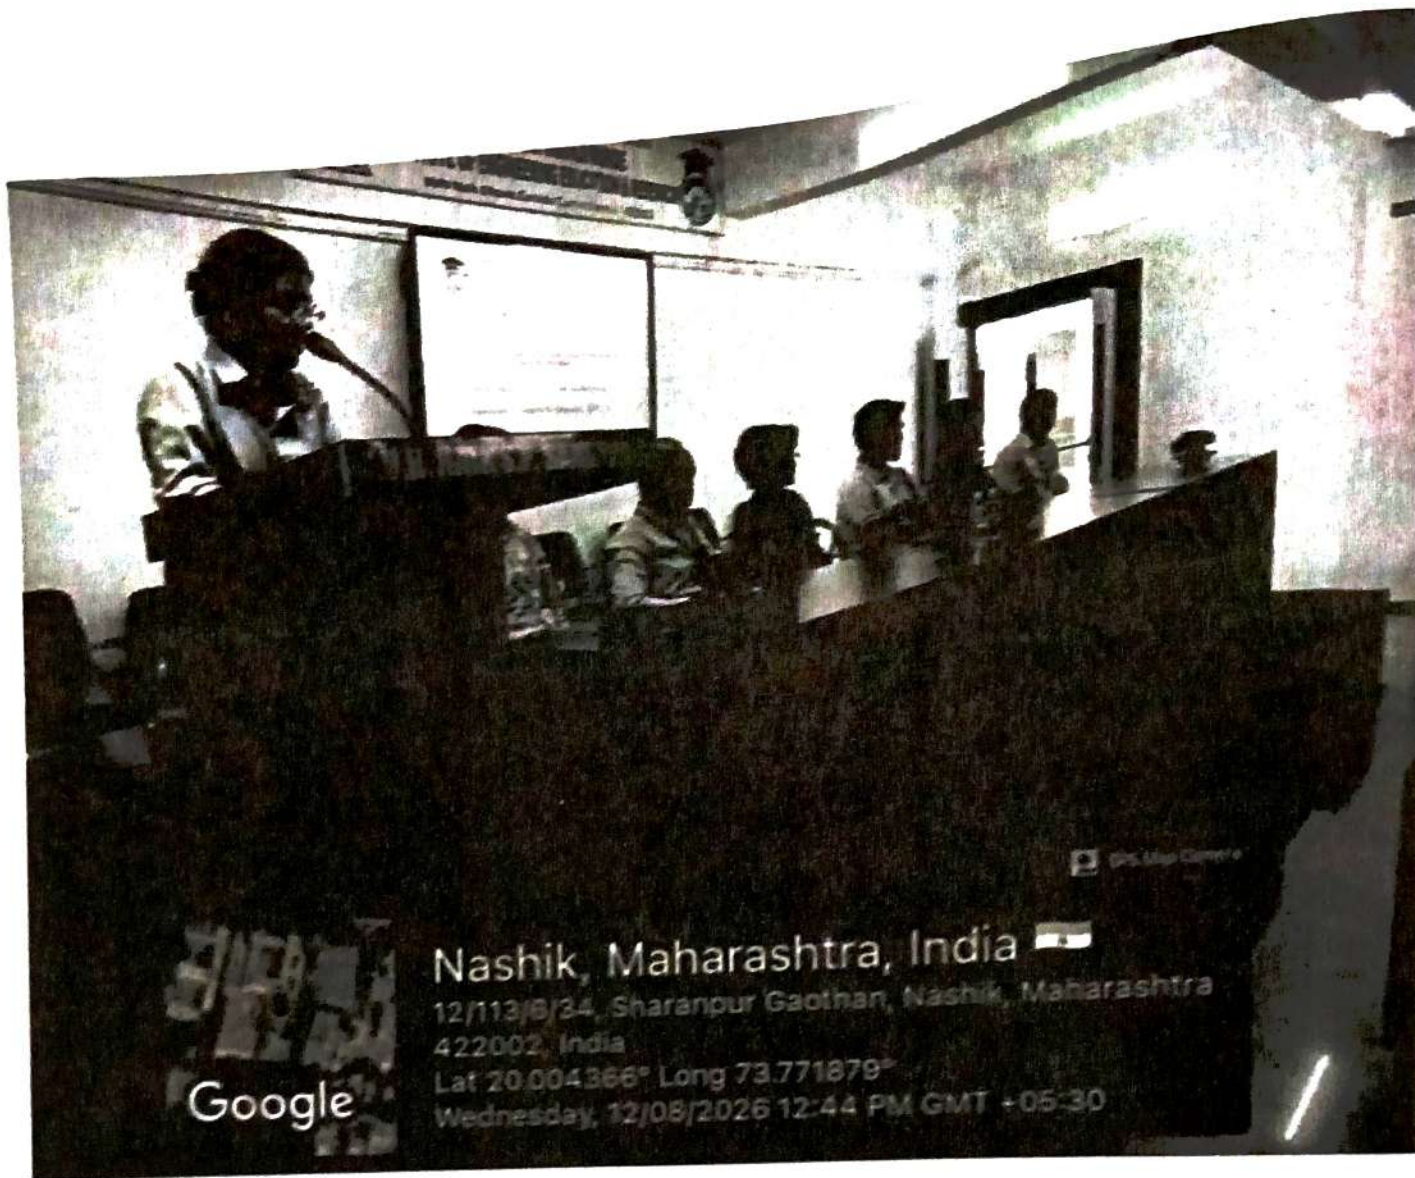

Brief Description of the Activity

An expert lecture on "**Cyber Security: Emerging Threats, Industry Practices & Career Opportunities**" was organized by the Department of Computer Engineering at LOGMIEER on **12 August 2026 from 12:00 PM to 2:30 PM** in the Seminar Hall. The session was conducted by **Mr. Ghanshyam Jeswani, Mr. Om M. Desale and Mr. Devendra Hyalij**. The experts discussed emerging cyber security threats, industry security practices, cyber security challenges, preventive measures, and career opportunities in the cyber security domain. The session provided students with practical industry insights and encouraged them to develop skills required for careers in cyber security.
