AD-301	Activity Report	Academic Year: 2026-27
Rev-00		Semester: V/VI

DEPARTMENT OF COMPUTER ENGINEERING

Particulars	Description
Activity	Expert Session
Activity level	Department Level
Title	Expert Session on Cyber Security
Speaker / Resource Person	Mr. Anish Nair, Cyber Security Expert Codeseekho, Pune
Organized by	Department of Computer Engineering
Venue	Classroom No. 303, Computer Department
Date & Time	30 September 2026
Objectives of the activity	To create awareness among students about the fundamentals and importance of cyber security; to familiarize students with current cyber threats, security practices, and industry trends; and to provide practical insights into career opportunities in the field of cyber security.
Outcomes of activity	Students gained awareness of common cyber security threats and vulnerabilities. They understood basic security practices, the importance of data protection, and current industry requirements. The session also helped students understand career opportunities and required skills in the cyber security domain.
Targeted participants	TE Computer Engineering
Total no. of participants, Participation %	75%
Content of the activity	Introduction to cyber security, common cyber threats and attacks, data and information security, safe computing practices, cyber security tools and techniques, industry trends, career opportunities, and required technical skills.
Relevance to POs	PO1: Engineering knowledge; PO2: Problem analysis; PO3: Design/development of solutions; PO5: Modern tool usage; PO6: Engineer and society; PO10: Communication skills; PO12: Life-long learning.
Relevance to PSOs	Application of computer engineering concepts to identify and address cyber security challenges; development of awareness and skills related to secure computing, network security, information protection, and emerging cyber security technologies.

Methodology used	Expert presentation, interactive discussion, real-world examples, question-and-answer session, and interaction between students and the resource person.
Brief Description of the Activity	An expert session on Cyber Security was organized by the Department of Computer Engineering on 30 September 2026 in Classroom No. 303 . Mr. Anish Nair , Cyber Security Expert from Codeseeekho, Pune , conducted the session. The expert discussed the importance of cyber security, common cyber threats, vulnerabilities, safe online practices, and the changing security landscape. Students were also introduced to industry expectations and career opportunities in cyber security. The interactive session enabled students to connect their academic knowledge with practical industry applications. Students actively participated in the discussion and clarified their queries during the question-and-answer session.
