

AD-301	Activity Report	Academic Year: 2026-27
Rev-00		Semester: V

DEPARTMENT OF COMPUTER ENGINEERING

Particulars	Description
Activity	Placement Drive
Activity level	Department Level
Title	Softcrowd Technologies, Nashik – Placement Drive
Speaker / Resource Person	HR / Recruitment Team, Softcrowd Technologies, Nashik
Organized by	Department of Computer Engineering
Venue	Classroom No. 304 and Computer Lab No. 308
Date & Time	01 October 2026
Objectives of the activity	To provide B.E. Computer Engineering students with an opportunity to participate in a recruitment process; to familiarize students with industry recruitment procedures; to assess students' technical and aptitude skills; and to facilitate interaction between students and industry representatives.
Outcomes of activity	Students gained exposure to the actual placement and recruitment process. They developed better understanding of aptitude tests, technical assessment, interviews, and industry expectations. Eligible students received an opportunity to participate in the selection process conducted by Softcrowd Technologies.
Targeted participants	B.E. Computer Engineering students
Total no. of participants, Participation %	65%
Content of the activity	Company introduction, job profile and eligibility details, recruitment process, aptitude/technical assessment, interaction with the recruitment team, and interview/selection activities.
Relevance to POs	PO1: Application of engineering knowledge; PO2: Problem analysis; PO3: Design/development of solutions; PO5: Use of modern tools; PO10: Communication skills; PO12: Life-long learning and awareness of industry requirements.
Relevance to PSOs	Application of computer engineering knowledge and programming skills in industry-oriented problem solving; demonstration of technical, analytical, and software development skills required for professional employment.

Methodology used

Industry interaction, company presentation, aptitude/technical assessment, practical/online assessment where applicable, and personal interview/selection process.

Brief Description of the Activity

A placement drive of **Softcrowd Technologies, Nashik** was organized by the Department of Computer Engineering on **01 October 2026** for B.E. Computer Engineering students. The activity was conducted in **Classroom No. 304 and Computer Lab No. 308**. The company representatives introduced the organization, explained the available opportunities and recruitment process, and interacted with the students. Students participated in the various stages of the recruitment process, enabling them to experience an industry-oriented selection procedure and understand the skills and competencies expected by employers. The activity provided students with valuable exposure to corporate recruitment practices and career opportunities in the software/IT sector.
